***From the Editor***

Well we won't be able to say that we haven't had a summer this year! There has been plenty of advice on how to stay cool in the unusual heat so hopefully the only legacy is the brownness of the gardens.

There are a lot of 'thank yous' in this edition which is lovely to see. People are so kind and thoughtful if you know where to look! Best wishes, Chris Smith

*Thank you*

***From H and C Primary School***  
 Thank you to the villagers who collect the tokens from the EADT and Evening Star. We received over 1000 tokens earlier in the year for books and have received a £100 book token for the school.  
 We are currently collecting sports tokens which finished on the 16th July. If you have any at home, please could you drop them off at school. Thank you for your continued support.

 The HSA would like to say thank you to all who helped with the Strawberry Fayre by volunteering, sponsoring (we had a fabulous raffle full of very generous prizes from local businesses and parents), and attending. We couldn't have done it without your help and support.

***Lily Brown writes***

The Hintlesham Youth Club run by 4YP a young people's charity based in Ipswich is a fantastic opportunity for young people from Hintlesham and surrounding villages to come together. We aim for young people to feel safe, have fun, be heard, get moving and explore important topics. The sessions are aimed at 10–14-year-olds however we are keen to take on Young Leaders to help offer peer support. If you would like more information, please contact [lily.brown@syphp.org.uk](mailto:lily.brown@syphp.org.uk). 4YP and the young people are very fortunate to have local celebrity and man about town Chris Fenner volunteering his free time to help run the sessions despite teaching all day. We'd like to take this opportunity to thank him for his continued hard work and support. Both the young people and staff think he is great!

***Diamond Wedding Anniversary***  
 Congratulations to Miriam and Terry Weddell who celebrated their Diamond Wedding in July 2022, best wishes from all your Village Friends. X X X

## Animal and bird life during June

by Pat and Bryan Sandford

There have been the most baby rabbits we have seen for some years. Badgers are also very much on the increase with our sandy/clay surrounding soil making good breeding for them. Squirrels have also grown in number – maybe a few too many. Some years ago we had a pure white albino Squirrel at our end of the village although most young are born half white. There are more Hares around at the moment but not many Foxes and Weasels and Stoats many be seen on the footpaths. Deer are increasing, especially the small Muntjac so watch your young trees and shrubs.

Until we do a bird count and survey, it's hard to know what has survived but Red Kite numbers have doubled as have Rooks, Crows and Jackdaws. There are many Starlings and Pigeons on the feeding tables, but not so with our own Owls. What we did see in our garden one late afternoon was a Goshawk and its young take two Pigeons, leaving just their feathers.

You have reported to us about reptiles with Frogs, a few Toads, Adders, Grass snakes and Great Crested Newts of both sexes have been seen.

## SESAW

At the time of writing, our volunteers are wilting and the dogs have flopped down in the shade during the July heatwave. Thank you to everyone who helped our Newton Green sale to raise over £800 plus a generous amount from an anonymous donor.

If you enjoy a Rummage Sale, make sure you visit SESAW during August. We are clearing out stock which has piled up over the last two years. The marquee will be full of bargains, from pictures to pottery and books to bric a brac, furniture and flowers. Roll up 10am – 3pm, any Saturday or Sunday in August. Arrive earlier if you wish to view the animals, the rehoming side closes at 1pm.

Like many rescues, we are full up with cats, dogs and rabbits and more waiting to come in. One example is Suzanne, a tabby and white cat approximately ten years old, She was found in a distressed condition sitting in the gutter by the side of a busy road. She loves a fuss, has a healthy appetite and is probably best suited as an indoor cat in an adult household. If you are looking for a new pet to share your home, we are still open 10am to 1pm, Friday to Sunday during the Summer but check first to avoid disappointment.

Before my stroke last year, I hadn't given too much thought to issues surrounding wheelchair access to shops, restaurants and football stadia. I had assumed legislation was in place obliging businesses and public bodies to treat disabled people on the same basis as everyone else. If that meant spending a few quid on ramps and rails, get on with it because it's the right thing to do and not just to stay on the right side of the law. I have become a bit militant about these matters and recently had a right old rant at a manager of a Hadleigh supermarket who had allowed pallets of garden produce to block wheelchair access to the shop.

I was therefore delighted to see the good folk at the Community Centre had installed new parking bays for users with mobility issues. My thanks to Margaret Langton, Jane Whyman and the Community Council for making it happen. Thanks also to the Parish Council, especially Peter Eaton who, as ever, has been doggedly determined to drive the project forward, and thanks to County Councillor Chris Hudson and District Councillor Dave Busby for using their local budgets to help fund the works. I would also like to thank Daniel and Natasha at The George for the huge amount of work they have recently had completed to enhance access to the pub for disabled people.

## PIIP (PARISH INFRASTRUCTURE INVESTMENT PLAN)

Chairman Les Cole discussed the concept of the PIIP and described how it can help communities focus and prioritise their infrastructure spending. The PIIP is in its draft stages at the moment and the Parish Council is keen to engage the local community to help identify the community infrastructure needs and aspirations and determine what funding might be needed to achieve this.

## SPEEDWATCH

Chairman Les Cole discussed his concerns and contact with Highways regarding traffic speed in Duke Street and

the dangers of Policemans Corner. A road traffic survey undertaken by Highways England would be expensive but may be considered necessary.

A member of public asked if the survey could be extended to George Street/Silver Hill. Traffic reports record a greater volume of traffic passing through George Street but traffic speeds are much faster travelling through Duke Street. An additional VAS sign will cost £2500 with added costs of £500 for a post.

### CHATTISHAM PLAYING FIELD

Concerns were raised regarding the deterioration of play equipment on Chattisham Playing Field. It is understood that the Community Council are undertaking a risk assessment of the equipment.

These are just some of the projects for discussion but we welcome your thoughts and ideas for others you feel may benefit the village community.
