From the Editor

It seems to me that we are living through one momentous happening after another right now. That can be disorientating but it also is an opportunity perhaps to consider what we hold as important. Times of change can teach us so much about how we want to live.

SURPRISE !

BBC Breakfast at Rural Coffee Caravan, Chattisham

On Tuesday 16th August, a very sunny and humid morning, the Rural Coffee Caravan came to Chattisham Church, little did we know that the BBC Breakfast news Producer and Cameraman would be there as well. They were looking to do a piece about the rising cost of living for everyone and also the rise in Gas and Electricity and how we all are going to pay for it.

It was all very informal, microphones were put on the tables to get the right volume, the producer walked around talking to everyone and making us all feel very relaxed.

A few of us were having an 'in house' joke about having more than one piece of cake, especially as the Rural Caravan ladies had a very nice chocolate and cream cake.

We were told the piece they were recording would be shown on 26th August. If you did not see it on the 26th you missed a great interviews with Shirley Daniels, Margaret Engle and Stephen Ramsey from Chattisham. Well done Everyone.

So if you think you would like to come to Coffee Caravan be prepared for a surprise sometimes, you never know who might be there!!!! Everyone is welcome, lovely coffee or tea and the most delicious cakes.

Coffee Caravan comes to both Villages on the 3rd Tuesday of each month, see Village Link for venue and times.

SESAW

Pat writes Life can be up one day and down the next. Before the sad loss of our Queen last month, our ladies were enjoying running a Rummage Sale in the middle of another heatwave. They raised over £1500 and some of the visitors were also interested in acquiring a new pet, much to Mum's delight.

Now Autumn has definitely arrived as our thoughts turn to the months ahead. The Christmas Fair in November is our last event of the fundraising season and volunteer numbers have dropped so we have stopped accepting donated items until next year. Some of our supporters sell online so if you have anything special, please leave a message on the answerphone or email sue.wilson317@btinternet.com before bringing them in. We will, of course, continue to accept CLEAN bedding and towels but NO PILLOWS, CUSHIONS or feather duvets.

If you would like to help care for the cats, dogs, rabbits or chickens, please leave a clear message with your name and number on 01787 210888 or email info@sesaw.co.uk. New volunteers can be sure of a warm welcome from all of us, including me, Kenny (the Boss) Chihuahua!

Chattisham animal and bird life in August

Pat & Bryan Sandford write: So many of you give us information about nature in Chattisham but space is limited so some good news first. Hugo has told us of habitants and nesting of House Martins and Swallows in his old farm buildings. Let's hope for a good fledge and later migration. He has not seen any Swifts but has heard the Cuckoo – although we haven't.

Jenny and Michael Bensley reported some very sad news from Mrs. Plumb at Birch House. Two fully fledged young Barn Owls plus an older one was found deceased in the same location. There was also a dead Tawny Owl nearby so we hope poison was not the cause. There are a number of Owl boxes around both villages so hopefully these will help an increase in numbers.

However, Barn Owls are still seen most nights in the valley around Doves Cottage where there is a stream and a lake proving water. The drought has caused a change in bird and animal activity with not many drinking places so we hope for a better report next month.

Notes from the Parish Council Meeting held on 8 September 2022

The meeting was attended by 9 Parish councillors and District Councillor Busby.

A minutes silence was held at the start of the meeting due to the very sad news of the passing of Queen Elizabeth II

District Councillor's report

A tree survey is being carried out by Babergh council as they believe the district does not have enough trees and they are looking for sites to increase this position. A scheme has been launched by Suffolk CC and Babergh to help people thinking of buying solar panels.

Info can be found on the Babergh website, search for "solar together Suffolk"

If households have not received their energy rebate payment and are in bands A-D they should contact Babergh to ensure payment.

Environmental health are currently investigating complaints of rat infestations with regard to the horse livery on Duke Street.

Parish Infrastructure Investment Plan

The council had collated several ideas that have been put forward for Hintlesham and Chattisham, these are shown on the leaflet in the Link , The parish council would like to hear any other suggestions on where the parish should be focusing its spend.

Traffic Calming Duke Street

It has been agreed with councillor Hudson that the county council will fund a traffic calming survey in Duke Street.

Hintlesham & Chattisham Cricket

Roger Luxmoore-Styles writes:

I would like to record my sincere thanks to all those cricketers, their families, umpires and other supporters from our parish who contributed so generously to an excellent afternoon of cricket in our H&C v Kersey match on 18 Sept. Whilst we fell tantalisingly 1 run short of matching Kersey's 150 in 24 overs, we narrowly beat them on the quality of our cakes and sandwiches for the all-important cricket tea! We are much looking forward to next year's return fixture.

National Grid Pylons

A meeting was on held on 7th Sept with members of the parish council and National Grid. There are still two routes being investigated and no real progress has been made on which route will prevail.

Planning

DC/22/03776:

change of use of land from Agriculture to Amenity.
No objection raised.

DC/22/03800:

Variation of condition following grant of Planning permission. Change garage doors from "Barn Style" to "up and over" style doors. No Objection raised.

DC/20/05895 & DC/21/00060:

Installation of renewable energy generation. Land to the East of Burstall Lane. No change to the previous objection submitted in 2021. Additional comment that in light of the new Prime Minister's directive of not positioning solar farms on agricultural land this scheme should be refused.

These notes are written by Jim Hammond and are his interpretation of the meeting. Full minutes are available on the village website.

THOUGHT FOR THE MONTH

All our gardens, streets and patches of sky are part of our own perception of the world. If, in our own modest back yards, we can help preserve and treasure our natural world, then we will make this planet a better place- not just for ourselves but for every living creature. *Monty Don*
